

LIVERYMAN MRS JUNE REES MBE CELEBRATED HER 90TH BIRTHDAY IN STYLE

June, a Liveryman since 2009, recently marked her 90th birthday with a series of celebrations. On her birthday in June, she celebrated at the Ritz in London, where a cocktail was named in her honour. Further celebrations followed in Milford Haven, and more recently, several of us were invited to her home to continue the festivities.

June has raised more than £200,000 for charitable causes and fostered music across Milford Haven and Pembrokeshire through recitals, concerts and other performances. Her contributions were recognised with an MBE in 2012.

June has played an active role in the Company for many years. In 2025, she recommended Ffion Thomas for an award and accompanied her to Insole Court for the occasion.

On arrival, we were treated to a wonderful harp performance before afternoon tea and invited to choose some of the tunes. The magnificent champagne flowed throughout the celebration.

June entertained everyone with some wonderful recollections of her life and the people she has met throughout her 90 years. I for one could have listened to her all afternoon.

Thank you June and to her son too for what was a truly magnificent afternoon and that will be remembered for a long time.
